

Designer Glass

textures

welcome...

SGO Designer Glass materials are applied to windows, doors, ceiling panels, and other glass surfaces in homes, businesses, and churches. Our product is used the world over and the delight it gives customers makes it unique in the world of design.

We invite you to view our catalogue of textures and look forward to working with you.

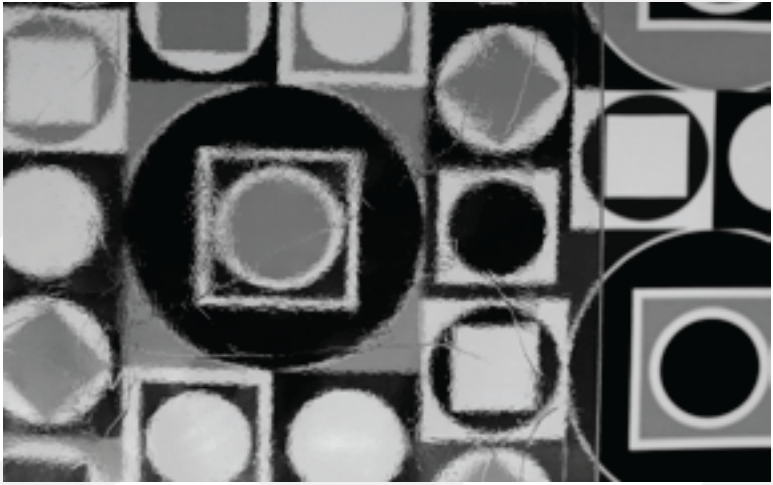

Designer Glass

Please note: These printed samples are intended to display the opacity and pattern of our textures as accurately as possible. Due to the nature of the product, degree of light, and application, the actual textures may vary in depth and appearance.

welcome
